

Empire Drivers, Inc.
LIME ROCK
June 3 & June 4, 2022

As always our event will be the weekend after Memorial Day, **Friday June 3 and Saturday June 4, 2022**. The event will be an **open exhaust event**. Along with our two groups of track day cars we will also have a race group for 1960's and 1970's (HRG) closed wheel race cars and a few groups of VSCCA vintage racecars. When you are not on track you will get to watch some of the best vintage racing in the United States.

This past year has been very tough on everyone. Even though Lime Rock has raised the rental price this year we have not raised our entry fee. This year we will keep the same entry fee of \$525.00 for 2 full days of un-muffled racing at Lime Rock.

This event is not just for race cars. It is open to all cars. We will have 2 groups of non wheel to wheel racing on one of America's premier race tracks. These 2 groups will be run under touring car rules. No passing in the turns. To maximize track time the two touring group's muffled cars will be the first groups on the track Friday to use the first hour of track time. Last year in this group we had a few spectacular cars including an F-1 car and a Ferrari P car.

Friday morning starts with a tech inspection of your car and a mandatory drivers meeting at 8:30am. First car is on track at 9:00am. (Only muffled cars can be run between 9:00 and 10:00am on Friday). The two groups of muffled cars will have the first hour of track time. You can bring the car to the track to set up late Thursday afternoon. Some tech inspection will get done Thursday if possible. Tech inspection will open again at 7:30am Friday. Please remember we can't start un-muffled engines on Thursday and on Friday we can't start un-muffled race engines until 10:00am.

As we do not share the track with the Lime Rock Club and we only have six groups in total, each group will be on track at least 3 times on one day 4 times the other day (more if possible). We have use of the track from 9:00am till 6:00pm each day.

We are hoping to resume having our party at the track Friday evening but this will depend on safety protocols. If we are able to have the party it will be Friday evening after 6:00 PM at the track (we are on track until 6:00pm each day). Everyone is invited. Any donation to the Friday party at the track in the form of Wine, Beer, Cash or just your help setting up will be greatly appreciated. Everyone that works on this event is a volunteer.

We have free use of the camping area Thursday night and Friday night along with the bath and shower facilities for those who wish to camp out on the grounds. The snack bar will be available for breakfast and lunch.

The owner/entrant understands and agrees that motor sport activity is an inherently dangerous activity and assumes the risk. The owner/entrant is solely responsible for the condition/operation of his/her vehicle at all times.

Donation towards the party & corner workers _____

Total Paid \$ _____

If you are receiving the entry form as a PDF file, you can fill in the form on your computer using your "Tab" key and typing on the form before printing and mailing the form. Neatness counts.

TECH INSPECTION REQUIREMENTS

For Lime Rock the following minimum standards must be met in order to pass tech inspection to participate.

A technical inspection will be conducted on all cars. **It is the owner/entrant's responsibility to know the car is in safe working order.** All items in these rules may be checked with a special emphasis on safety. All cars must be in good condition and display care in preparation. Driver's safety gear must be presented at tech inspection. The Chief of Tech may reject any entry.

All drivers must have a helmet with a 2010 Snell approval date (Snell SA type helmet, not a motorcycle helmet). If you have to buy a new helmet make sure it has the latest Snell approval date (2020). This is the last year a 2010 helmet will be accepted. Goggles or Face Shields are mandatory for open cars. Recommended but not mandatory (for non race groups) is a driver's suit of Nomex or similar fire resistant material. Socks of fire resistant material and gloves with no holes made of leather or fire resistant material. All drivers should at least wear loose fitting cotton blend long sleeve shirt & pants. No shorts, short sleeve shirts, or open shoes on the track. All race cars must meet your group's tech requirements.

All cars must be equipped as follows: Seat Belts securely mounted. Tires are to be in good / excellent condition. They must be at least HR speed rated but we would prefer VR or higher speed rated tires. If you have to buy new tires they should be at least VR speed rated. Wheels must be in good condition. Wire wheels must be properly tensioned with no loose or missing spokes. **Roll Bars are mandatory on all open cars.** The roll bar must be at least 2 inches over the driver's head. Steering and Suspension components must be properly fitted with no excessive wear or play. Brakes must be in perfect working order. Fresh brake pads are recommended. Brake lights must be in working order. Batteries must be securely mounted, if located in the driver's compartment they must be covered or have leakproof caps. Throttle linkage Return Springs must be in good working order. No oil, fuel, water, or fluid leaks of any kind will be tolerated. Headlights must be taped over. The Interior and Trunk must be free of all loose items.

Cars must display legible numbers on both sides of the car. The numbers are to be a minimum of 12 inches tall. Cars must be presented in a neat condition. Engine compartment, suspension, and chassis must be clean enough to facilitate inspection.

Remember, this is an **un-muffled event**. That means that you can be as loud as you want. **Roll bars are mandatory for all open cars.** This is both a safety requirement and an insurance requirement.

The owner/entrant understands and agrees that motor sport activity is an inherently dangerous activity, unforeseen incidents may occur, and assumes the risk. The owners/entrant is solely responsible for the condition of his/her vehicle at all times
