51 45 ...                                    Removing and installing/replacing side panel on dashboard on left or right

Special tools required:

- [00 9 327](#)

When working on trim panel components, make sure that visible surfaces are not scratched or damaged (e.g. by sharp-edged tools).

REMOVAL:

Pull off edge protection (1) in area of side panel (2).

Unclip side panel (2) with special tool [00 9 327](#).

If necessary, unlock associated plug connection and disconnect.

Feed out side panel (2) and remove.

INSTALLATION:

Mount side panel (1).

Ensure correct fit on edge protection (2).
